In Line Commercial Construction was contacted to perform the demolition and renovation of approximately 40,000 square feet on the 4th and 5th floors of the Police Block Building located on 2nd and SW Oak Street.

The project was phased to allow for ongoing client operations, since the majority of the space was occupied during construction. The scope included demolition, new walls, interior finishes, cabinetry, new ceilings, flooring, trim, etched glass, new electrical and lighting, break room, restrooms, sprinklers and HVAC upgrades.

In addition, **In Line** self-performed various aspects of the framing, finish and trim work.
